Dear Supporter of Education,

I'm reaching out to introduce you to an exciting opportunity to make a real difference in education through Outstanda, a nonprofit that empowers students to achieve mastery in their learning while directly benefiting local schools and communities.

We are seeking your support for a \$10,000 sponsorship to fund a Learning Gig - a dynamic, standards-aligned educational unit that will be freely accessible to the public. Your sponsorship would include prominent recognition, including your logo and a link to your website, and position your company as a champion of education.

If this level of commitment isn't feasible right now, you can still make a big impact by:

- Donating \$1,000 or more to provide licenses for the school or district of your choice.
- Donating in any amount to help Outstanda reach even more students.

Why Outstanda?

- Empowering Local Communities: 90% of school-directed donations go directly to students, rewarding them for mastering material and motivating them to succeed.
- Innovative Learning Models: Outstanda combines mastery-based and project-based learning to engage students in meaningful, real-world education.
- Transparent Impact: Your support translates into measurable student achievement.

Your contribution would not only help students succeed academically but also highlight your commitment to building stronger communities. I would love the opportunity to discuss this further or answer any questions you might have.

Thank you for considering this opportunity to change lives through education.  
Warm regards,

Ron McDaniel
